

Kenya Pension Funds Investment Consortium (KEPFIC)

*Mobilizing Local Institutional Capital for Impactful Infrastructure and
Alternative Asset Investments*

CALL FOR INVESTMENT PROPOSALS

The Kenya Pension Funds Investment Consortium (KEPFIC) is a consortium of Kenyan retirement benefit schemes that have come together to make long-term infrastructure and alternative asset investments in the region. KEPFIC's primary goals are to provide competitive investment returns and diversification opportunities to our member pension funds and to expand the technical and investment expertise of our members and their stakeholders.

KEPFIC is releasing this Request for Proposals (RFP) to invite investment proposals from project sponsors and fund managers that are looking to raise capital from Kenyan pension funds for regional opportunities. We are looking for bankable projects with suitable returns that support economic development and are backed by strong environmental, social and governance principles.

Details of the consortium and the respective RFP documents can be found on our website <https://kepfic.co.ke> and the Call will remain open until **20th January 2023**. Please submit all investment proposal materials and any questions related to the Call to investments@kepfic.co.ke with the subject line "KEPFIC CFIP – [Project Name]"
